Texas Economic Development Act Supplemental Data

June 1, 2022 - Dec. 31, 2022

Texas Economic Development Act Supplemental Data – June 1, 2022 - Dec. 31 2022

The Texas Economic Development Act (Chapter 313) Supplemental Data for 2022 include aggregate data from projects executed between June 1, 2022, and Dec. 31, 2022, based on information collected from the project applications and certificates.

Supplemental data from certified projects executed before the program's expiration are listed below:

- Of the 321 executed agreements, 28 percent are manufacturing, 71 percent are renewable energy (10 percent wind and 61 percent solar) and less than 1 percent were Priority Projects.
- Of the estimated \$161.1 billion of investment under the 321 active agreements, 60 percent of the investments are in manufacturing, 36 percent are in renewable energy and 4 percent are for Priority Projects.
- Of the 1,832 qualifying jobs committed to under the 321 active agreements, 76 percent are in manufacturing, 23 percent are in renewable energy and 1 percent are for Priority Projects.
- Of the estimated \$19.3 billion gross tax benefit for the life of the agreements, manufacturing projects will receive an estimated 83 percent, renewable energy projects will receive 13 percent and Priority Projects will receive 4 percent.

Exhibit 1:

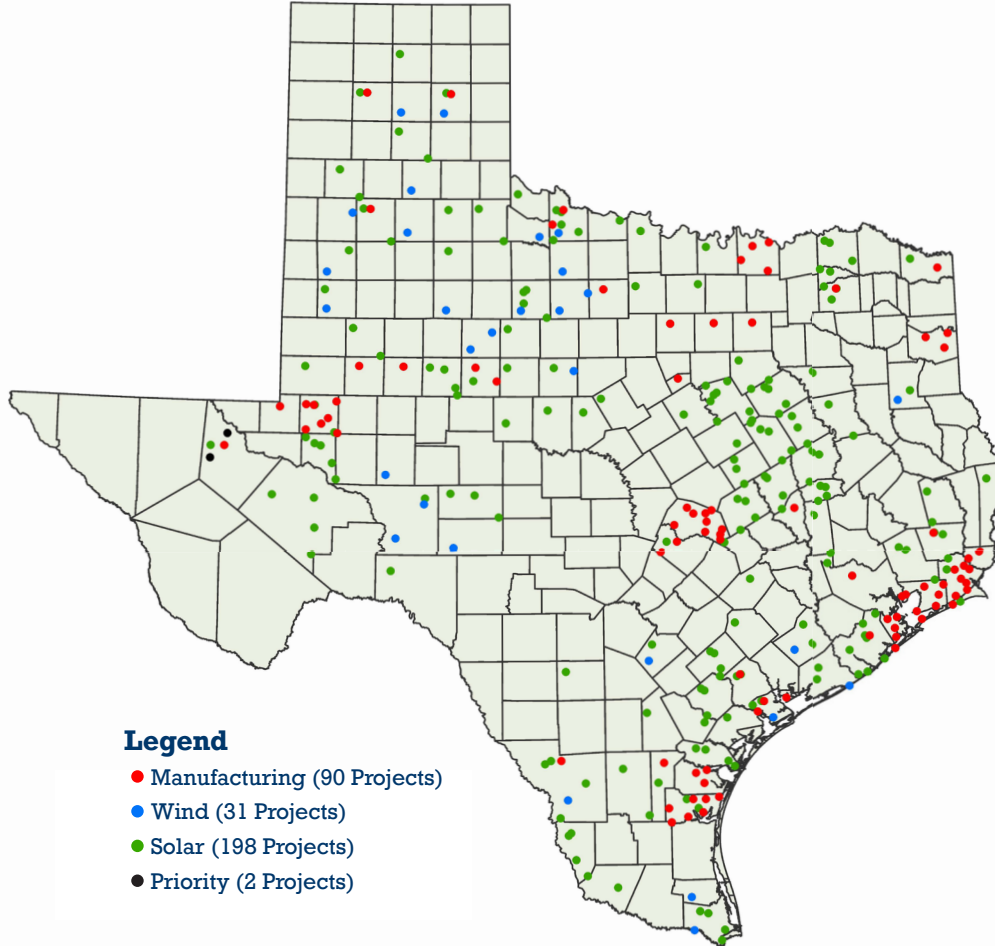

Executed Projects in the Chapter 313 Program June 1, 2022 – Dec. 31, 2022

Category	Projects executed after June 1 but before Dec. 31, 2022	Qualified Investment	Qualified Jobs Committed	Estimated Taxes without Limitation	Estimated Taxes with Limitation	Estimated Total Gross Tax
Manufacturing	90	\$95,910,938,000	1,389	\$23,603,120,000	\$7,621,002,000	\$15,982,118,000
[Wind] Renewable Energy Electric Generation	31	\$9,123,033,000	91	\$724,133,000	\$221,744,000	\$502,388,000
[Non-Wind] Renewable Energy Electric Generation	198	\$49,818,949,000	332	\$3,055,053,000	\$1,015,288,000	\$2,039,766,000
Priority Project	2	\$6,253,717,000	20	\$1,143,799,000	\$342,314,000	\$801,485,000
Total	321	\$161,106,637,000	1,832	\$28,526,105,000	\$9,200,348,000	\$19,325,757,000

Note: Figures are rounded to the nearest thousand. Figures may not add due to rounding.

Exhibit 2:

**Location and Type of Executed Projects in the Chapter 313 Program
June 1, 2022 – Dec. 31, 2022**

- Jefferson and Williamson counties led the state in active agreements executed in 2022.
 - In Jefferson County, of the 10 active agreements processed in 2022, two are for solar energy projects, while the remaining eight are manufacturing projects.
- All 10 of the Williamson County active agreements are manufacturing projects.
 - Semiconductor manufacturing accounts for all but one of the 10 prospective manufacturing projects.
- The following Independent School Districts had the most agreements executed from June 1, 2022 to Dec. 31, 2022:
 - Taylor ISD (10);
 - Ector County ISD (9);
 - Riviera ISD (8);
 - Barbers Hill ISD and Texas City ISD (6 each); and
 - Beaumont ISD, Calhoun County ISD, Crane ISD, Gregory-Portland ISD and Vernon ISD (5 each).
