

TXMAS Contract Item Catalog  
 Texas SmartBuy On-Line Ordering System  
 Overview for Product Options

Options (attributes) are available for products having the same price and same product/part number.

Catalog data is administered using a single line set up for each product and allows up to \*two option fields.

\*If more than two option fields are required for your items, contact the Statewide Procurement Division TxSmartBuy Contract Management for further assistance.

Option Fields Taxonomy:

Header (Option Name): Option1;Option2;Option3;... with no "spaces"

Option Header and Values: Use a colon (:) between header and option values

Option Values: Use semi-colons (;) between the option values

OPTION SET UP EXAMPLE:

S	T	U	V	W
Supplier Part No	Short Description	Long Description	Option 1	Option 2
19837849278	Shirt	Shirt with agency logo	Size: S;M;L;XL	Color: Red;Blue;White
10000388497	Chair	Chair with custom fabric	Fabric: Silk; Cotton; Rayon	Leg Type: Wood; Metal

The Customer will add an item to their shopping cart and will be prompted to select the option from drop-down menu:
