i.PM j.FM k.NO Sch 1

The independently procured tax statute requires taxes to be paid on insurance procured on Texas risks or exposures, where the insurer is not licensed to write insurance in this state and where all negotiations for the insurance occurred outside of Texas. The appropriate and timely payment of the tax provides an exemption from unauthorized insurance provisions for such coverage. Failure to pay the tax may subject the policyholder, the insurer and the agent to unauthorized insurance provisions if any insurance activity occurs in Texas regarding such policy (claims adjustments, payment of claims, inspections, etc.)

If you purchased insurance from a company not licensed to do business in Texas and the negotiations for the coverage occurred in Texas, or within Texas by communications using mail, telephone, a delivery service, Internet or by FAX, then **unauthorized insurance** tax is due. In this situation, the insurer shall pay the unauthorized insurance premium tax on or before March 1 following the calendar year in which the insurance was written, procured or received in this state (see Form 25-108). If the unauthorized insurance tax is not paid by the due date, it becomes a liability of the insurer, the agent and the policyholder.

Premium Tax Calculation

• Your report cannot be processed without the supplement (Form 25-122).

1. Total premiums allocated to Texas (net of return premiums) from all supplements (Form 25-122) subject to tax rate of 4.85% ("Premium" includes any premiums, membership fees, dues or other consideration for insurance) (Whole dollars only) 1. _____
2. Premium tax rate 2. _____
3. Total tax due (Multiply Item 1 by Item 2) 3. _____

Form 25-103 (Rev.4-11/21)

*** Return this entire form. ***

4. Penalty and interest due (See instructions.) 4. _____
5. Total Amount Due and Payable (Item 3 plus Item 4) 5. _____

Instructions for Completing the Texas Annual Insurance Tax Report (Independently Procured Insurance)

You have certain rights under Chapters 552 and 559, Government Code, to review, request and correct information we have on file about you. Contact us at the address or phone number listed on this form.

Who Must File:

An insured/policyholder, in order to avoid unauthorized insurance provisions of the Texas Insurance Code on insurance procured from a non-licensed insurer, is required to file this tax report and pay the applicable tax, in situations where all negotiations for the purchase of the policy occurred outside of Texas. Eligible surplus lines insurers are not licensed insurance companies.

The insured/policyholder or any person designated by the insured/policyholder must pay the tax. Reports filed by any other persons must be filed in the name of the insured/policyholder and must contain the appropriate taxpayer identification number of the insured/policyholder. If a taxpayer number has not been established for the insured/policyholder by this agency and the insured/policyholder is a sole proprietor, enter the insured's/policyholder's Social Security number in Item C. Other types of organizations should enter the Federal Employer Identification Number (FEIN) assigned to their organization. This tax does not apply to an individual life or individual disability policy.

FEDERAL PRIVACY ACT. Disclosure of your Social Security number is required and authorized under law for the purpose of tax administration and identification of any individual affected by applicable law [42 U.S.C., Section 405(c)(2)(C)(i); Texas Government Code, Sections 403.011, 403.015, and 403.078]. Release of information on this form in response to a public information request will be governed by the Public Information Act, Chapter 552, Government Code.

Exemptions and Preemptions

Exempt premiums are defined as premiums for an independently procured insurance policy that covers risks or exposures that are properly allocated to federal waters, international waters, or risks or exposures that are under the jurisdiction of a foreign government.

Federal preemptions to state taxation for independently procured insurance include premiums for policies that are issued to the following entities:

- (A) the Federal Deposit Insurance Corporation (FDIC), when it acts as the receiver of a failed financial institution that holds the property being insured;
- (B) the National Union Administration;
- (C) a federally chartered credit union; and
- (D) Indian Tribal Nations (see Publication 94-142).

When to File:

The report and payment are due once a year, on or before May 15, following the calendar year in which the insurance was procured, continued or renewed.

General Instructions:

- If any preprinted information is not correct, mark out the item and write in the correct information.
- TYPE or PRINT.
- Do not write in shaded areas.
- Complete the Texas Annual Insurance Tax Report - Supplement (Form 25-122).

Specific Instructions:

Item 1 - If a policy covers risks partially occurring in Texas, the tax must be computed on portions of the premiums for such risks that occur in Texas. Consistent with Comptroller Rule 3.822, acceptable apportionment or premium allocation standards are as follows:

- A) percentage of physical assets in Texas;
- B) percentage of payroll that applies to employees who are located or conducted business in Texas;
- C) percentage of sales in Texas;
- D) percentage of time that insured's conduct or property is exposed to coverage in Texas; or
- E) any other method of equitable apportionment that is adequately described (attach a separate sheet).

Endorsements and audits on independently procured insurance policies must be reported based on the effective date of the endorsement or audit, not the date of the original policy.

The tax for endorsements and audits that generate return premiums due a policyholder must be calculated using the same tax rate that was originally charged.

Item 4 - Penalty and interest:

If 1-30 days late, enter 5% of the amount in Item 3. If 31-60 days late, enter 10% of the amount in Item 3. If more than 60 days late, enter 10% penalty PLUS interest on the amount in Item 3. Calculate interest at the rate published online at www.window.state.tx.us or call the Comptroller's office at (877) 447-2834 for the applicable interest rate.
